**AMENDMENT**

This Amendment is submitted in response to a non-final first office action in the above case dated October 4, 2007 ("Office Action") in which the Examiner objected to the Drawings, rejected certain claims as directed to non-statutory subject matter (35 U.S.C. §101), and rejected the claims as anticipated (35 U.S.C. §102) or obvious (35 U.S.C. §103) over cited art. Applicants amended the Specification to overcome the objection to the Drawings and amended certain claims to overcome the Section 101 rejection. Applicants traverse the prior art rejections and submit that all pending claims 1-30 are patentable over the cited art and in condition for allowance for the reasons discussed herein.

Amendments to the Specification begin on page 2.

Amendments to the Claims are reflected in the listing of claims which begins on page 3.

Remarks/Arguments begin on page 9.
